there is no affection, no matter what I try to do. I finally asked him to leave. I did one thing suggested in the book and for the last five days he has come over in the morning before he goes to work to kiss me and tell me to have a good day. He never does this, not even when he lived here. It's progress. I don't know if it will keep progressing but I'm willing to try. 3 of 3 people found the following review helpful.
