Amazon.com Review Unhappiness in marriage often has a simple root cause: we speak different love languages, believes Dr. Gary Chapman. While working as a marriage counselor for more than 30 years, he identified five love languages: Words of Affirmation, Quality Time, Receiving Gifts, Acts of Service, and Physical Touch. In a friendly, often humorous style, he unpacks each one. Some husbands or wives may crave focused attention; another needs regular praise. Gifts are highly important to one spouse, while another sees fixing a leaky faucet, ironing a shirt, or cooking a meal as filling their "love tank." Some partners might find physical touch makes them feel valued: holding

hands, giving back rubs, and sexual contact. Chapman illustrates each love language with real-life examples from his counseling practice. How do you discover your spouse's – and your own – love language? Chapman's short questionnaires are one of several ways to find out. Throughout the book, he also includes application questions that can be answered more extensively in the beautifully detailed companion leather journal (an exclusive Amazon.com set). Each section of the journal corresponds with a chapter from the book, offering opportunities for deeper reflection on your marriage. Although some readers may find choosing to love a spouse that they no longer even like –hoping the feelings of affection will follow later– a difficult concept to swallow, Chapman promises that the results will be worth the effort. "Love is a choice," says Chapman. "And either partner can start the process today." --Cindy Crosby. This text refers to the Amazon.com Exclusive Journal & Paperback Book Set. Review "In this unabridged recording of material the author has been perfecting for years, he says that people experience love most strongly through one of five love languages--quality time, words of encouragement, gifts, acts of service, and physical touch. Chapman's thoughtful, youthful sounding voice offers these insights not as the Five Commandments of Marriage, but as suggestions he hopes will be helpful. He provides humble examples from his counseling practice, which illuminate his ideas and give a human, down-to-earth quality to the lesson. Without making light of the work a marriage requires, he'll convince most listeners that with just a little planning and effort they can make a good marriage great and a broken partnership truly satisfying again." T.W. 2006 Audie Award Winner © AudioFile Portland, Maine From the Back Cover This meticulously crafted edition of the iconic #1 New York Times bestseller The 5 Love Languages® is the perfect gift for weddings, anniversaries, or as a special encouragement for any couple. By Kelly Groce It is definitely a good book for couples and it has improved my relationship with my wife. If nothing else it shows you what things your partner is really looking for out of their spouse. I quickly found that my love language was "Acts of Service". Though it might not be sexy or macho to say that, it means more to me to have the dishes and laundry done when I come home after work or have minor home improvements taken care of before I get home. My wife and I have 2 small children and our house is hard to stay clean because every room feels like a mess. We do clean it all the time but it feels like a losing battle. My wife's love language is "Words of Affirmation". As you can tell from all these Amazon reviews I am much more of a writer than I am a talker. My wife is always looking for me to say how much I love and appreciate her because I don't say it often enough. A big part of improving your relationship with your spouse or boyfriend/girlfriend is to sticking with a date night to make sure you have quality time together. Especially if you have children or a high stress occupation. My wife and I have been together for 10 years and got stuck in the rut of an endless routine of doing everything we could for our kids, followed by daily chores and left little time for ourselves. Committing to 1 date night a week has really helped our relationship and improved our communication. I recommend the book for sure and found it inspiring and worth reading. All couples can benefit from reading this book. The only downside is I wish it could have been a little longer. The stories from the author are interesting and I would have liked to have heard a bunch of his other examples of couples that he has dealt with. It was a short book and my wife and I finished it in 4 or 5 days and that was reading it slowly. The price is easily affordable. I found it best to photo copy the test quiz at the end instead of writing in the book so we can give the book to any family or friends

who are struggling with their relationship. 0 of 0 people found the following review helpful. A friend recommended to me when I just broke up By victoria A friend recommended to me when I just broke up. It opened my eyes and heart. I never thought about relationship can be analyzed this way. I can't believe it's a matter of science! During my growth, my parents never talked about how to date, and they tried to avoid the topic of men and women, as if we will figure out by myself. Unfortunately, this is like everything else, without being learned, we will make no matter how many mistakes and for how long to understand how to date a guy and how to choose a guy to date, how to manage or maintain a relationship. We will hurt a lot, fall a lot, cry a lot and even get perpetual mental wound. Just because we were not educated well enough on this topic, not like other things we were taught at school. 0 of 0 people found the following review helpful. Highly Recommend By HM Excellent book and very insightful. Highly recommend for anyone interested in learning more about love and in what ways people respond to and show love. I learned about my own love language and my boyfriend's love language. Very interesting and inspiring. See all 11761 customer reviews...
