Couples with great marriages know a simple truth: The best marriages are made up of a lot of everyday decisions that say, "I love you" rather than those that say, "I love me." There's a good reason the Good Book says that the man who loves his wife actually loves himself . . . it's true! So, why not get started loving yourself by loving your wife in ways that say love to her? This book teaches practical, hands-on advice you can start applying immediately. A loved, fulfilled wife is a happy woman, returning to her husband more than he ever poured into her soul. Maybe you've made some mistakes and are struggling to connect, maybe you want your marriage to go from good to great. Wherever you currently are in your relationship, this book teaches men who are serious about loving their wives how to be successful husbands and lovers. And, if you're thinking of getting married some day, you can get a head start on the process of being a loving husband. This is an excellent volume for the soon-to-be married man, as well as the "veteran" husband.
