Review "One of the best written stories I've read in a long time." "The chemistry between these two was scorching!" "The chemistry between Emily and Sean is sweet and sexy. They are perfect together." "Damaged Goods by author Rye Hart is poignantly beautiful. WOW!!!!!! This book is a medley of love, loss, trust and despair." "So sweet and also hot enough to melt my kindle!!!" "A beautiful love story that pulls on your heartstrings. Sean and Emily are beautiful together." "This is such an engaging story that will just suck you right in." "Make sure to have a box of Kleenex." - Actual reviews from Amazon Readers

Customer Reviews Most helpful customer reviews 19 of 21 people found the following review helpful. Can love and understanding heal a damaged soul? By OBAR4707 Sean has had a traumatic event in his life that caused him to sell his business in San Diego and move his two young children to a small town in Colorado. He has closed himself off from other people and plans to be alone with them. After a few days of being their sole caretaker, their squabbling and bad attitudes cause him to search for a nanny. Emily has a college degree in child management and wants nothing more than to

open her own daycare. The children fall in love with her the first day. She makes them smile and enjoy interacting again. Sean admires everything about her and is having a “hard” time distancing himself from her. Being attracted to someone is not in his plans. Having trouble wrapping his mind around what is happening, he goes into his usual defensive mode. Emily doesn't understand what has happened to make him so cold towards her, firing her after only two days. This is a fast-paced complete story with a HEA. Damaged Goods will keep you holding your breath, waiting to see what happens next. The sex scenes are hot, but very moving and tasteful. This is a wonderful story and a five-star read. 9 of 10 people found the following review helpful. Brooding Dad + Hot Nanny = Writing Gold By GJC Sean has his world turned upside down when his dying wife confesses that their daughter is actually from an affair. Now he has to leave their home and move so he can keep his daughter. Plus he is changing careers from lawyer to writer. When he finds Emily to watch his two kids, he has found gold. She makes them happy and keeps them from fighting. The problem is Sean is so gruff and Emily doesn't understand why. This book is wonderfully written and has a great story with twists and turns. Just one click it. I did you wont regret it. I recieved this book as an arc and i am giving my honest review voluntarily 14 of 17 people found the following review helpful. Brooding Daddy+Hot Nanny = HEA GOLD By BelleReader Emily and Sean are the new one to beat in the Nanny/Daddy HEA game! Emily has been living in Telluride her whole life. She has dreams of taking her education in childhood development and opening a daycare, but being bogged down with student loans, those plans may stay just that... When she gets the opportunity to Nanny for the new family that just moved into town, she jumps the chance. She loves kids and figures that it will help her in saving for her goals. She wasn't counting on a gruff but attractive father though. Sean is a widower trying to keep this family afloat. This wife dropped a bomb on him that caused him to up stakes and uproot the family - his little girl that he loves is not actually his! Sean has raised that girl as his own and considers her his no matter what and will always do so. So after his wife's passing he moves the kids and tries to start over. He quickly realizes he needs help and hires himself a Nanny. The minute Emily walks in he realizes he is in too deep. She stirs something deep in him that he is helpless to ignore. Add to that she is fantastic with his kids and he is just smitten. But opening up to her is hard and it's easy to shut her out and become cold and distant. A spoonful of daddy will make Nanny fall in love! I voluntarily read an advanced copy of book. See all 490 customer reviews...
