The Steels are taking a well-deserved break from the conspiracy surrounding them...until an unlikely woman and a long-buried secret shatter Ryan's world. Detective Ruby Lee has been on her own since she was fifteen. When her past collides with the Steel family's mysteries, she's determined to find the truth. She has her own issues, and she's not looking for a relationship, despite her all-consuming attraction to Ryan Steel. The gorgeous dark-haired man gets under her skin anyway...and he needs her. Together they explore both of their histories, but those pasts could cost them a future.

By Patricia Hill Ryan and Ruby's story kept me on the edge of my seat. So many different revelations. Seems to me like all the dead are coming back to life. Could it be that the brothers father is not really dead?! Does that means that their mother is alive too? Is Gina really dead? Or was she sold into sex trafficking? I cannot wait for the next book. Why such a long wait all the way to the end of December?!! I want to read it now! 0 of 0 people found the following review helpful. Steel Brothers -Shattered By Amazon Customer Very good follow on to series but did not found ending complete like previous stories. So so story and interesting but lacked the strong follow through and continued story lines as previous books. Still like the as part of series. 0 of 0 people found the following review helpful.
