From Publishers Weekly Supporters will hail this New Age self-help book on the law of attraction as a groundbreaking and life-changing work, finding validation in its thesis that one's positive thoughts are powerful magnets that attract wealth, health, happiness... and did we mention wealth?

Detractors will be appalled by this as well as when the book argues that fleeting negative thoughts are powerful enough to create terminal illness, poverty and even widespread disasters. The audio version of this controversial book, read by Byrne and contributing authors such as John Gray and Neale Donald Walsch, is uneven at best. The cheesy, obvious sound effects will not do much to add intellectual respectability to a work that has been widely denounced as pseudoscience. Mostly, this audio is hampered by its confusing and disjointed organization—techniques that worked reasonably well in the print version and the movie, such as cutting every few seconds from one enthusiastic expert to another, make for a choppy and somewhat bewildering listening experience. The gentle cadences of Rhonda Byrne's breathy, Aussie-infused voice are certainly the best part of the audio, but her material is scarce and provides mostly connective tissue between the testimonials. Copyright © Reed Business Information, a division of Reed Elsevier Inc. All rights reserved. From the Publisher The Secret is truly the most outstanding book to date that we have published. I am so pleased that Rhonda Byrne was able to bring together this life-changing information so masterfully. She first did

it for the movie of the same name that she produced, which has been a phenomenon in its own right. She then added, in only ones month's time, incredible additional content to the transcript of the film that brings even more clarity to the reader. This is absolutely a book that people from all walks of life can read and then "get" the concept of The Secret. It allows them to then take it and apply it to their lives. Children, teenagers and adults of all ages are reporting miraculous stories of positive changes as a result. Rhonda Byrne is dedicated to maintaining the integrity of The Secret and to making sure that now, finally, the whole world knows about The Secret. You will want to share this with your friends and family and they will be grateful for it. This book gives hope for what many have been waiting for-- a shift in the way the world thinks. Its a very exciting time that we are living in, and I as well as everyone at Beyond Words and Atria Books are grateful to be a part of it. -- Cynthia Black, President, Beyond Words Publishing About the Author Rhonda Byrne is the creator behind "The Secret", a documentary film that swept the world in 2006, changing millions of lives and igniting a global movement. Later that year Rhonda s book, "The Secret, " was published, which has been translated into over fifty languages and remains one of the longest-running bestsellers. Rhonda has written three more bestselling books: "The Power "in 2009, "The Magic" in 2010, and "Hero" in 2013. For more information, visit www.theseecret.tv.

Customer Reviews Most helpful customer reviews 180 of 194 people found the following review helpful. Try it. What do you have to lose? By Mr Dream When I first began to read this book I honestly thought it was a crock and a waste of my time and money. I started with an expectation of what I thought the book was about and the style of writing that I should expect. When I initially disagreed with one of the authors viewpoint with in the book and scrutinized another's personal life through research I was almost stop reading, but I decided to continue reading anyway. I made a wise decision to. I had heard about the law of attraction before, but never took the time to investigate what it truly meant. As the book unraveled and began to reveal "The Secret," and how to apply it into my life immediately, I allowed myself to be open in receiving whatever insight I could in order to help me overcome several difficulties in my life and achieve a better quality of life overall. By the middle of the book I chose to practice some of the techniques that were briefly described through the text just to try it out. For the past 3 weeks I have had pain in the middle of my back. I had even recently gone to a chiropractor to help alleviate my symptoms, which only worked temporarily. The moment I tried the technique of closing my eyes, clearly my mind, and speaking affirmations of confidence and healing something changed. I did not realize the pain in the middle of my pain, which I had been experiencing for weeks, was gone until about 5-10 minutes later when I stopped to stretch. I am not a blogger, I do not receive free books, or any type of compensation for this or any review I ever write. I also am usually one to dispel instant claims of miraculous effects occurring just from reading a text or saying a chant, so when I tell you my pain left and has not been back since I am shocked in a way. I still am secretly wondering when the pain will reappear, but by the continuation of applying the law I highly doubt it will. From that moment I figured if it's that easy then I wonder what life will be like once I apply it to every area of my life. By the end of the book and my own personal testament, I was hooked. This is a life changing book and I see why it has sold millions and millions of copies around the world. It really works if you apply and believe. After previewing The Power and The Magic, I intend to read those two as well. This has easily become one of my all-time favorite books and I highly recommend it. Just try it. What do you have to lose? 0 of 0 people found the following review helpful. Great read.... By kriss This book is amazing! It has totally changed the way I think. I see things happening a lot quicker and easier if i apply the secret. I was skeptical at first but it makes so much logical sense...Highly recommend for everyone! 1 of 1 people found the following review helpful. :-)) By Amazon Customer great book.
