THE NEW YORK TIMES BESTSELLER From New York Times bestselling author Penelope Ward, comes a new, sexy standalone novel. It seemed like a good idea at the time. Look up Landon Roderick, that boy from childhood whom I'd never been able to forget--even though he so easily forgot about me--and call him. Then again, anything sounds like a good idea when you've had a little too much wine before bed, right? It was supposed to be just a quick, meaningless, prank call. Instead, I went off on him--unloading thirteen years of pent-up emotions. I didn't think he'd call me back. I certainly could never have anticipated the weeks of sexually tense phone conversations that followed as I got to know the man he'd become. Turned out, Landon had never really forgotten me, either. That special connection we had was still there. I opened up to him, but there were also things about me he didn't know. And he had his own secrets. Over the countless hours we talked on the phone, I wondered what would happen if we actually saw each other. One night, I did something impulsive again. Only this time, I went to the airport and booked a ticket to California. We were about to find out if one phone call could bring two lost souls together or if my drunk dial really was all just a big mistake. A complete STANDALONE.

Review "One of the most HEART-WARMING, SEXY, SWEET, SWOONY, HEALING, ROMANTIC, ADDICTIVE, and BEAUTIFUL stories I've read all year!!!" -Aestas Book Blog "The reader will be riveted reading this EPIC ROMANCE. Raw emotion oozes off every page in Drunk Dial, and the reader will feel everything." -Heroes and Heartbreakers "You reach the ending of the book, and you feel like you won the lottery because you hit the BOOK JACKPOT." -Kindle Crack Book Reviews

"BEST Penelope Ward book to date. Landon is hands down my favorite hero from this author." -Book Bitches Blog "Cover to cover, Drunk Dial was UNPUTDOWNABLE!" -Shayna Renee's Spicy Reads About the Author Penelope Ward is a New York Times, USA Today and #1 Wall Street Journal bestselling author. She grew up in Boston with five older brothers and spent most of her twenties as a television news anchor. Penelope resides in Rhode Island with her husband, son and beautiful daughter with autism. With over a million books sold, she is the author of sixteen novels, including RoomHate which hit #2 on the New York Times bestseller list and #1 on the Wall Street Journal bestseller list. Other New York Times bestsellers include Stepbrother Dearest, Neighbor Dearest, Cocky Bastard, Stuck-Up Suit, Playboy Pilot, and Mister Moneybags (the latter four co-written with Vi Keeland). Customer Reviews Most helpful customer reviews 95 of 98 people found the following review helpful. Perfectly Imperfect By Avid Reader Funny, emotional, page turner, and full of love. This book was written with so much love you can feel it down to the tips of the page. One of my favorites. You will fall in love with Landon and Rana. Happy reading! 60 of 62 people found the following review helpful. "Tell me something funny." Drunk Dial is one of my favorites of 2017! By DragonflyReads Drunk Dial is Penelope Ward's latest standalone. None of the characters connect with her previous stories. It's a fresh take on contemporary romance, and I think you're going to love it! Rana Saloomi is chronically single, living with a creepy roommate in Michigan. After a particularly trying night at her belly dancing job and a little too much wine, she decides to call up her old crush and neighbor. She doesn't expect him to answer, let alone call back and strike up a conversation. What I really loved about Rana was her realness. We all have body issues and insecurities. Rana isn't perfect and Landon loves her flaws and her crazy. "Over the years, I'd thought about Landon a lot. Never once had I considered looking him up or contacting him, though. Until now." Landon Roderick moved from Michigan after high school to make his way in Los Angeles. After some crazy lessons learned, he's a business owner running a food truck gaining popularity all over the LA coast. He's never forgotten about Rana over the years but never expected to hear from her either. Landon's got his own skeletons and secrets, and Rana realizes she needs to overlook them to get their relationship on the right track. "You're a mystery...but you're good for my soul, Rana." So here's what we've got: single Rana and Landon. Both had feelings for each other as teens but were too young and nervous to ever act on it. Rana has roots built in Michigan and if it wasn't for that, she'd head to LA to be with Landon. "I fell in love hard with the flawed girl who drunk dialed me and makes me laugh." I. Loved. This. Book. I know I say that a lot with Penelope Ward's writing, but seriously, I loved it! Drunk Dial is fresh and fun with Penelope's signature comedic writing style, but so much heart as well. There were a few jaw-dropping moments for me that had me constantly turning that page. Drunk Dial is easily one of my top reads for 2017. It hit on all levels for me and really kept me guessing until the end. 60 of 63 people found the following review helpful. A real love story !! By Julie D Murry There are so many books written with wildly unrealistic story lines accompanied with a highly unrealistic happy ending but, Drunk Dial is not one of them. The title leads you to expect a light hearted rom-com but, what you actual get is a well written, honest, fascinating story of two flawed people reconnecting and falling in love after a drunken phone call. There are moments where you will laugh out loud and moments when you can't stop crying. With each book I become a bigger fan of Penelope Ward. See all 493 customer reviews...
