ZADEON When my human mate was auctioned, she was sold to a savage lot of aliens. I rescued her body from her tormentors. But her mind... She is hurt. She's afraid I will abandon her; but I've been waiting all my life for my mate. I am not going to walk away. I'm going to help her heal. And I will help her fight for us. \*\*\*\*Content warning: For readers 18 years and older Contains explicit sexual situations, dark themes, sensitive subjects, and violence.

Waaay better. The cover screams I-self-publish-and-I-let-my-grandmother-do-the-copy editing. This is (probably) not the case. This book is surprisingly well written. The PTSD of the protagonist is dealt with respectfully, not merely as a several chapter problem between the protagonists. And Amanda Milo doesn't pull her punches. Yes, structurally it could probably use the help of a tenured editor. But many, many self published books aren't coherent enough to even reach that point. Rescued By

an Alien is worth a read. I bought it, not just KU'ed it, and I have no regrets. My kindle has two collections specifically dedicated to wtf and meh books. Rescued By an Alien will not be making it onto either of those lists. 0 of 0 people found the following review helpful. Rescued by an Alien : Alien Mate Romance (Stolen by an Alien Book 2) By Amazon Customer This book was very interesting about the different ways the human females were adjusting to the alien planet. They arrived not by choice. They were brought to be made slaves. They had escaped from being captives. They now reside with other aliens. Unfortunately a few of the human females were not treated very well. They suffer from post traumatic stress from brutality and rape from their captors. The host planet wanted to study the interaction between the alien and human couples. This book was very intense with the details of the human suffering. I look forward to reading more about this group. 0 of 0 people found the following review helpful. Rescued by an Alien By wandaflanagan Holy moly I thought the first book Stolen By an Alien was fantastic but this second book of the series Rescued By an Alien was outstanding. This book had some darker subject matter and situations but they have the characters more depth and made them more realistic. Not every relationship is all puppies and poseys and I loved going along on Callie and Zaedon and they navigated their way to their happily ever after. This author has me hooked and I can't wait for book three. This is one of the best series of 2017 in my opinion. See all 327 customer reviews...
