About the Author After over 40 years of teaching experience, Houghton & Houghton realize students and professionals find the mechanics of following approved writing styles quite confusing. In response, they developed a series of books that simplify the experience of adhering to the rules of the APA, MLA, Turabian, and Gregg writing styles. Their books clarify important aspects of these writing styles. They are not intended to replace the manuals, but to transform the available information into more user friendly guides, making it easier for students to reference common writing issues. Frequently used aspects of structure, arrangement, citation, and referencing are

addressed in simple formats that allow writers to focus on content rather than mechanics and style. Quite simply, the books in the Easy Way Series present the basics in clear, concise, accurate, and easy to navigate packages. Join the hundreds of thousands of people who have simplified the writing process by using Houghton & Houghton The Easy Way Series books.

By Amazon Customer This is a must have if you don't want to get nick off for points when your doing your references or citations. After a few times you will get the hang of it, but for now-have this handy!! I write papers once a week and have been doing it for several years. I always used a web based informational site or got ahold of student services. But this is the route to take. Don't take an advanced level class without it!. They expect you to know this stuff. 2 of 2 people found the following review helpful. This book has all the basics of APA formatting!! By ali23v This book is all you need to write any APA formatted paper at the undergraduate college level or below! It has all the important point and basic information on APA formatting, it also shows you how to set up your paper in Microsoft word which is a great help! It would be a waste of money too purchase the full book, this is I really needed to successfully write a paper in APA format. 1 of 1 people found the following review helpful.
