I fell in love with a boy a long time ago. I was only a small girl. Scared and frightened, I was taken from my home and held against my will. His father hurt me, but he protected me and kept me safe as best he could. Until I left him. I ran the first chance I got and even though I knew he wasn't behind me, I didn't stop. The branches lashed out at me, punishing me for leaving him in the hands of a monster. I've never felt such guilt in my life. Although I survived, the boy was never found. I prayed for him to be safe. I dreamed he'd be alright and come back to me. Even as a young girl I knew I loved him, but I betrayed him. Twenty years later, all my wishes came true. But the boy came back a man. With a grip strong enough to keep me close and a look in his eyes that warned me to never dare leave him again. I was his to keep after all. Twenty years after leaving one hell, I entered another. Our tale was only just getting started. It's dark and twisted. But that doesn't make it any less of what it is. A love story. Our love story.

By Claire Cronin (All Things Dark & Dirty) This is my first book by Willow, any OMG did I pick a beaut to start with!!! This is one of those books that you can't give much away, as its got to be read to be appreciated. This is a dark and twisted love story, with one hell of a twist that I didn't see coming til I had nearly got three quarters of the way through. It's full of unconditional love based on a past shared experience, one that has broken their hearts and souls, and only they themselves can mend each other. It's far from conventional, but also very real for this day and age. Its is violent and abusive with lots of triggers. But it is also beautiful and emotional and packs a punch that really hits you where you can feel it. Its a very intense, sad, heartbreaking and riveting read that will put you through the emotional wringer. It is told from 3 POV's which is where the brilliance comes from, reading all three of these gives you a different take on the story, until it all comes together and you just think WOW!! A superb story, personally I recommend that everyone give this a read, 5 darkly beautiful stars. 0 of 0 people found the following review helpful. Oh my gosh!!!! The story starts when they are both young, and even through a 20 year span, they never stopped loving and wondering about each other. There were a lot of twists and turns and then the aha moment. Even though it was a little rough emotionally in some parts, it was such a great read. Loved it and would definitely recommend. See all 227 customer reviews...
