Energetically drawn By JD Reviewer This book is energetically drawn and full of humor and relatable characters. I would have gladly shared this book with my middle school students, as well as younger students and even

adults. Peirce gives us something like Peanuts and other classic comic strips, with all the good-natured comedy and charm. The young protagonists featured in this book would have an appeal for readers of all ages, and I would have gobbled this book up as a kid. A fun adventure! 2 of 2 people found the following review helpful. #best of the series!!
